

## Hein Lanz 6F-58 absolute encoder and 91 inclinometer series

- **The encoder series supports the CANopen communication profile CiA 301 as well as the CANopen application profile for lift control systems (CANopen Lift CiA 417).**

### Features

- Wide operating temperature range: -40 °C to +85 °C
- High degree of protection: up to IP67
- Optical sensor technology
- Single-turn resolution: up to 16 bits
- CANopen, CANopen Lift interface

**The inclinometer series supports the CANopen communication profile CiA 301 as well as the CANopen device profile for inclinometers (CiA 410).**

### Features

- Small design, minimal space requirement
- CANopen interface
- MEMS (micro electro mechanical systems) technology
- High accuracy of 0,1° and resolution of 0,01°
- IP69K-rated for harsh environments
